ABOUT ME

I have a degree in Business Administration and a Frontend Developer. My true passion is technology and that is why I am looking for an opportunity to start working as a developer in a company in the technology sector. I am passionate about programming and I love being constantly learning to stay up to date with the latest technological trends. I am confident that I can contribute my skills and knowledge to a work team and I am excited about the possibilities that the future holds for me in this field.
